

**Affordable, Compassionate,
& Convenient Care**

“I found going to the clinic a very positive experience. Dr. Khan was very welcoming and friendly. The first thing she mentioned to me is that, “we should get to know one another.” I found this very important because the doctor is actually concerned about my health personally. She answered any question that I had and provided me extremely valuable insights regarding all of my medical needs. I highly recommend this clinic and I especially recommend Dr. Khan!”

Board-Certified Physicians

Our doctors have board-certification & constantly provide the absolute best care.

Our focus is to provide health care above everything else. By visiting one of UrgentWay's six convenient locations, we are available whenever you need us. Our doctors are also happy to answer any questions you may have. The patient is the primary focus of everything we do.

Quality: Integrated and high quality care for a variety of illnesses including serious traumas

Integrity: We ensure that the highest ethical standards are implemented

Affordability: UrgentWay provides affordable and high quality services at every location

Responsibility: Our doctors care about the patient and are invested in their health

“In considering the name, UrgentWay offers almost immediate attention to their patients. I was very happy with their service as I didn't have to suffer appointment procedures that were extremely long and cumbersome. I also found the staff and the doctor extremely friendly.”
